🔗 Kushal Goyal-Portfolio

Profile

Full Stack Developer with hands-on experience in building responsive, scalable web applications. Skilled in real-time features, API integration, and clean, maintainable code. Proficient in modern JavaScript technologies with deployment experience on Netlify, Render, and MongoDB Atlas. Passionate about solving problems and contributing to impactful tech projects.

Skills

Programming languages

Java, Python, JavaScript

Databases & APIs

MongoDB, RESTful APIs

Technologies/Frameworks

HTML5, CSS3, React.js, Node.js, Express.js

Tools & Platforms

Git, GitHub, VS Code, Postman, IntelliJ

Deployment

Netlify, Render, MongoDB Atlas

Projects

KnowMyRights, A Legal Awareness Platform ☑

- Full-stack legal web app designed to help users understand their rights and state laws easily.
- Integrates a **GPT-powered LawBot** for **real-time Q&A** using plain-language legal explanations.
- Features include **searchable rights summaries**, **categorized content**, and **location-based law data**.
- Automatically **updates legal information** using **official sources** for accuracy and trustworthiness.
- Built with React, Node.js, Express, and MongoDB; fully responsive across devices.

ChatRealm, Web-Based Chat Application ☑

- Real-time chat application developed using the MERN stack (MongoDB, Express, React, Node.js).
- Supports **user authentication**, **persistent message history**, and clean, responsive chat UI.
- Designed for scalability with modular architecture and optimized backend performance.
- Enables smooth interactions and **real-time message flow** using modern frontend techniques.
- Demonstrates full-stack proficiency in building **interactive, user-centric web applications**.

Education

Master of Computer Applications (Pursuing) (Current GPA: 8.88),

Jagan Institute of Management Studies (GGSIPU)

2024 – 2026

New Delhi, India

Bachelor of Science (Hons.) in Computer Science (CGPA: 8.811),

Ram Lal Anand College (University of Delhi)

2021 – 2024

New Delhi, India

Achievements

- Participated in “**Code Blitz Hackathon 2024**” organized by **JIMS, Rohini (Sector-5)**, contributing to innovative software solutions in a team-based coding environment.
- Participated in “**Kavach Hackathon 2023**” organized by the Ministry of Education’s Innovation Cell and AICTE, working on the problem statement titled “**RAM Dump Collection Tool.**”
